Peer Counseling was a new class this year at CHS. In this class students practice and take time out to listen to other student's problems. The purpose of the class is to train students to try to help others and seek positive solutions to problems. Peer counselors do not give advice, they just listen and use role playing to figure out how to solve problems and conflicts.

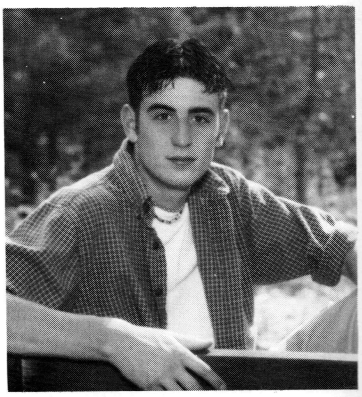
Footprints

One night, A man dreamed he was walking along the beach with the Lord-
Scenes of his life flashed across the sky. There were two sets of footprints in each scene. His and the Lords. Looking back at the footprints in the sand he noticed sometimes there was only one set of footprints, and that this happened at the lowest and saddest times of his life.
Bothered, he said to the Lord, "You said, when I decided to follow you, you'd walk with me all the way. Yet during my most troubled days there is only one set of footprints- I don't understand why, when I needed you the most you would leave me."
The Lord replied, "My precious child, I Love You and I would never leave you. During your times of trial and suffering when you saw only one set of footprints, it was then that I carried you."



All Our Love,
Your Family

Chew,

It saddens our hearts to realize our Baby Boy has grown, but with Pride and Love we can see what a fine young man you've become.

Alison,

We are So Proud Of You

Every day we're astounded

to hear you talk so intelligently.
Your wisdom grows and grows
as you do.
You are such a delight,
Such a joy,
Such a beautiful person.
Whatever you do,
Wherever you go,
Always know that we are always here for you.

Dearest Deena,

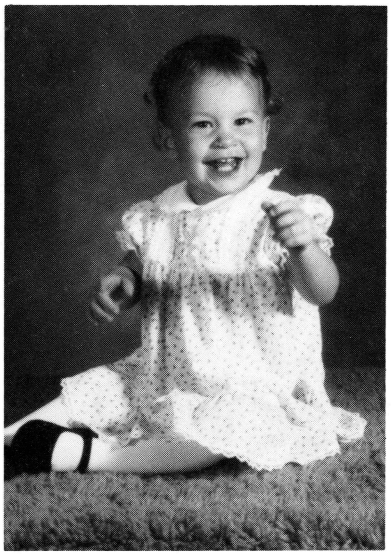
We love the way you have grown from a sweet, cuddly little girl into a talented, poised and confident young woman.

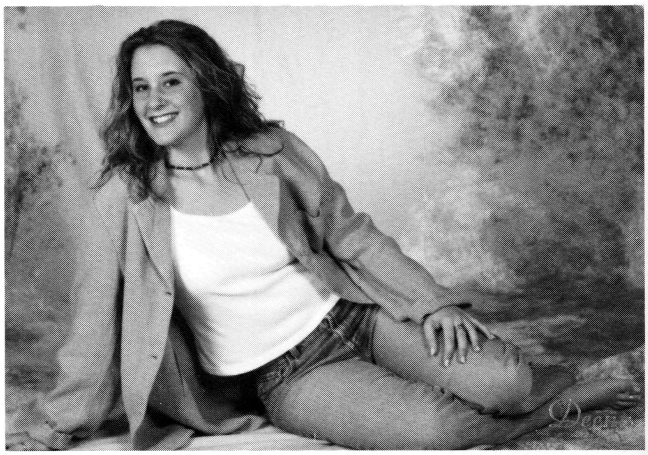
We wish you all life has to offer-

Health, happiness and success in all of your future endeavors.

Lovingly,

Mom, Dad, Jeannine and Zoe





We said a prayer when you were born
That you would brighten ever morn

With a smile so bright the world could see,
The joy you bring this family

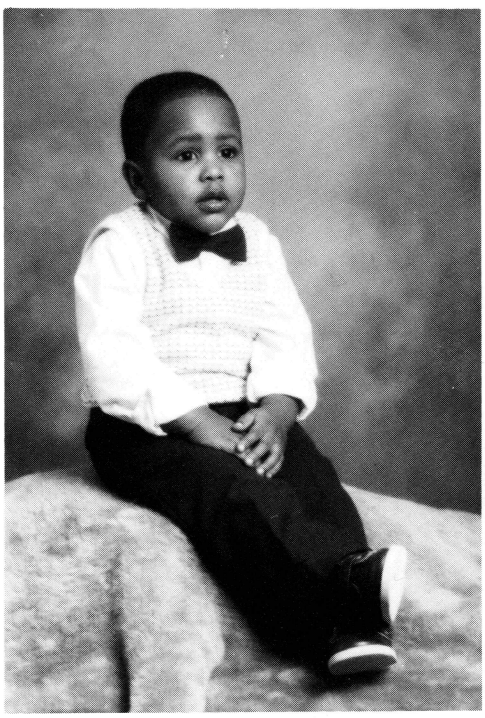
With every day you demonstrate what the world is trying to create
A love that's genuine and true,
What you see is what you get from you.

And now you've reached life's first plateau
and there's something we want you to know

We're very proud of all you've done,
In a word, you've been the PERFECT son.

We Love You,

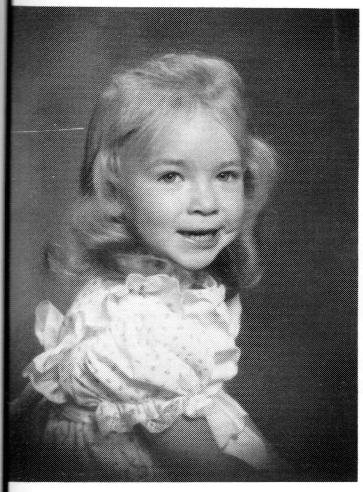
Mama and Daddy



CONGRATULATIONS ERICA!

You are a beautiful young woman.
We are so proud of you and all of
you achievements.
Always remember that life is not a
problem to be solved, but a gift to
be enjoyed.
And every job is a self portrait of
the person who does it.
Autograph your work with
excellence.

ALL OUR LOVE,
Dad and Mom



You have powers you never dreamed of. You can do things you never thought you could do. There are no limitations in what you can do except the limitations in your own mind as to what you cannot do.
Don't think you cannot.
Think you can.

The years have sped by so quickly. It seems like just yesterday that you learned to walk. The strides you've taken since those first uncertain steps have been determined and sure. Each step along the paths you have chosen have been dedicated and determined. The person you have become has been like watching a plant grow. It starts out as a small fragile shoot. As time passes, it grows and matures. Next you see the hint that the plant will begin to transform as the bud emerges. Subtle changes occur. Color, shape, strength, and the promise of what is to come. Finally, the bud will begin to open, revealing it's character and beauty as each petal unfolds. The flower turns toward the light and revels in what it finds there.
